It has been ISO 9001 quality certified since 2006 and delivers flexible, multidisciplinary, global and integrated solutions.</p> <p>How we have grown The progressive expansion of our areas of expertise came about naturally from a corporate culture defined by the recognition of the importance of development and growth, not just as a result of a demanding commitment to quality, creativity, innovation and technology, but also through an internationalisation strategy that has been in effect since 2007.</p> <p>Our achievements The capacity to identify and assertively respond in an integrated way to the needs of any community, respecting and incorporating differences, in a boundless reinvention process has materialised itself in structuring projects in the regions where they have been implemented, in the areas of construction supervision and of railway, port and airport engineering.</p> <p>The future It is with confidence in a future enriched by partnerships and national and international collaboration protocols that we present our portfolio, containing, among others, reference projects, eloquent testimonies of our work, and plenty of space for the many that our enterprising, corporate and expansionist energy is yet to reach.</p> <p>Main expertise</p> <p>Spatial Planning (Urbanism and Territory) Architecture Airports Railway Roads and Highways Hydraulics and water resources Structures engineering Electro mechanics Works supervision Project Management Design Review 3D Modelling</p> <p>Services</p> <ul style="list-style-type: none"> - Spatial Planning (Urbanism and Territory): New cities Urban and spatial planning Strategic planning Urban design Mobility and accessibility Urban regeneration GIS Landscaping. - Architecture: Housing, Culture, Education, Religion, Corporate, Industrial, Rehabilitation. - Airports: Master Plan Terminals Roads Network Airport Network Infrastructures and Superstructures. - Railway: Railway Design Drainage Signalling Telecommunications Bridges and Tunnels. - Roads and Highways: Roads and Highways Design Earthworks Drainage Paving Signalling Road Safety Bridges and Tunnels Lighting Telecommunications Road Safety Audits. - Hydraulics and Water Resources: Sanitation and Environment Fluvial Hydraulic Hydric Resources Hydraulic Structures Hydrology Hydrogeology Coastal Engineering. - Structures Engineering: Reinforced and Pre-stressed Concrete Steel, Wood and Composite Structures Light Steel Framing and Modular Structures Retaining Structures Bridges and Tunnels Special Foundations Rehabilitation and Reinforcement of Structures. - Consultancy: Final Design Review. - Electro Mechanics: Industrial Power Supply Fire Safety Network HVAC Renewable Energies. - Works Supervision: Roads and Highways Railway Ports Buildings. - 3D Modelling: Images and animations Promotional videos. <p>Significant last works</p> <ul style="list-style-type: none"> - Shoul Rural Commune Development Plan Morocco - New International Airport of Angola Detail Design - Master plan for the exploration of olives and olive oil Morocco - Metalworking industrial unit Algeria Detail Design, Technical Assistance - Master Plan of Rabat Morocco Preliminary Study, Design Dev. - Verença bicycle path and jogging course Bragança, Portugal Detail Design - Urban regeneration of the coast of Harhoura Morocco Preliminary Study - Douro Interior SCUT shadow toll road – Subsections of IP 4 main road – Pombal interchange – Pombal interchange/IP 2 main road – Nozelos/Miranda do Douro Portugal Road Study - A 15 Motorway – Section Rio Maior/Santarém Portugal Detail Design (Drainage, Signalling and Road Safety (37 km)) - Preliminary Study of Beira Litoral and Beira Alta SCUT shadow toll road – Stretch of IP 5 main road between IC 2 complementary road and Boa Aldeia's interchange (44 km) Portugal Subcontracting - Quinta da Trajinha Leisure and Entertainment Park Bragança, Portugal Detail Design - Bordj Menaïel LPG Storage Facility Algeria Detail Design - Works Supervision Rehabilitation of Angola's Railway Network - Works Supervision Lobito Ore Terminal Angola - Works Supervision Port of Lobito refurbishment and expansion Angola - Integrated Urban Plans of Capalanca/Land Reserves of Cacuaco and North Luanda Angola Urban Plans, Detail Design (Roads, Hydraulics, Energy) - Refurbishment of the Cacuaco Bay city coast Angola Special Master Plan - Road network reformulation in Alfragide's commercial area Portugal Detail Design (Roads, Earthworks, Drainage, Signalling, Road Safety) - Campaign for analysis/evaluation, structural inspection and Detailed Design of gantry signs - Highway A24 Portugal - Works Supervision of the Chiriguana-Santa Marta railway section Colombia - Pedestrian Overpass and Verdelha Trail Expansion Alverca, Portugal Detail Design, Technical Assistance. - Campo Grande 70 Building Lisbon, Portugal Detail Design - Edifício Horizonte Ericeira, Portugal Detail Design, Technical Assistance. - Monte Christo Development Plan Namibia Spatial and Urban Planning - Requalification of the Vicentino Quarter in Cantanhede Portugal Detail Design - Ondangwa Nuvella Development Namibia Spatial and Urban Planning - Avis Village Urban Development Namibia Housing Program (Detail Design) - Cycling Network and Improvement of Pedestrian Areas in the city of Cartaxo Portugal Detail Design - Multimodal mobility in Bragança Portugal Detail Design - Mobility and Transport Plan of Sintra Portugal Characterization Study - Allotment of the Serpa-Pias Industrial Zone Expansion Portugal Detail Design, Technical Assistance. - Works Supervision of National Oil Storage Facility and Marine Petroleum Offloading Facility in the port of Walvis Bay Namibia - Requalification of Parque Verde da Cegonha Lourinhã, Portugal Detail Design - Works Supervision New Volunteer Fire Station Oeiras, Portugal - Hydro-agricultural rehabilitation of irrigation networks Morocco Detail Design, Technical Assistance. - Tank Farm in Windhoek Namibia Detail Design, Tech. Assistance - Steel Overbridge Portugal Detail Design, Technical Assistance
