<p><b>General Description</b></p> <p>NLA – Nuno Leónidas Arquitectos, Lda was founded in Lisbon in the year of 1980 by Nuno Leónidas, architect. His origin goes back to 1979 in Brazil, and since then, has grown into a highly professionalized and well-reputed Company. As the result of more than two hundred projects done and excellent classifications in public competitions, the Group has naturally developed several areas of expertise. Equipped with advanced computer technologies, in areas such as administration and Computer Aided Design, the company has developed software and technologies, to improve the efficiency and quality of internal methodology, and project management. Although of a medium size, the dynamic and flexible approach of the group makes it possible to a develop projects of a very large size, based upon associations with other national and foreign well-reputed companies. In July 1993, the company has joined PERSPECTIVE EEIG, a European network of architectural practices.</p>
